

Andropov Deliberately Assassinated Rep. McDonald

**Soviet Defector Says:
"Rep. Larry McDonald
Was Assassinated"**

Soviet Academy of Sciences, former senior member, Igor Glagoley, defected to the U.S. in 1976. He said the Soviet KGB spy network in the U.S. is, "very sophisticated. It would have been very easy on Sept. 1 for Soviet agents to obtain the Korean jetliner's passenger list and discover Rep. McDonald was on the plane. Technically, I am quite sure that Soviet computers could have deliberately interfered with the jet's instruments thus luring it over Soviet Territory."

Igor Glagoley, Soviet defector, explains assassination scheme.

Rep. Larry McDonald — Tremendous loss to Christian Patriots worldwide.

Thunderbolt editor, Dr. E. R. Fields addressed a large protest rally on the Marietta town square on Sept. 3rd. This was one of the first protest rallies in the nation against the shooting down of the Korean passenger jet which resulted in the barbarous deaths of 269 innocent people. Dr. Fields told a crowd estimated by AP as around 500 people that the Soviets have modern computers in their New York U.S. Mission. They could easily tap in on the reservations made by computerized list of passengers from all air lines flying near their borders. Thus they could have instantly learned that Congressman McDonald was aboard the ill-fated 007 Korean Jet liner.

Dr. Fields reminded the people assembled that with modern communications Soviet Premier Yuri Andropov could have been informed of McDonald's being a passenger. He had two and one-half hours to make the decision for the "hit" as the jet was tracked by Soviet radar over that long period of time. By killing a lot of people along with Rep. McDonald they could claim (as they now do) that they were not after one specific individual because some 268 other persons also died. Dr. Fields reminded the audience that Yuri Andropov, as head of the Soviet Secret police, has ordered the cold-blooded murder of thousands of people including Pope John II. Why would he hesitate for one moment in giving the order to gun down the jet liner carrying America's foremost anti-communist leader in Washington — Rep. Larry McDonald?

What Did Rep. McDonald Stand For?

Cobb County, Ga., was the home of Rep. Larry McDonald, 48, and his wife Kathy. He had a total of five children and represented the 7th district of Georgia. McDonald was in his fifth term of office and polled 61 percent of the vote in the last election — his highest total ever. Liberals spent huge sums of money trying to defeat him yet his popularity rose. McDonald was the object of vile and slanderous editorials and cartoons by the extreme left-wing Atlanta newspapers.

Why did the Communists hate Larry McDonald with such a passion? His record tells us the answer because he was the most fervent anti-communist fighter since Sen. Joe McCarthy.

1) McDonald was the only Congressman to make a speech detailing Martin Luther King's communist record in urging defeat of the King holiday bill. He asked that action on the King bill be postponed until the FBI tapes (sealed by court action on request from the King family), be opened to the public. McDonald said, "King was in fact

Get U.S. Out Of Lebanon

**Israel Asks For
More U. S. Troops**

As Israel's military losses mounted they cleverly pulled their troops back. Now study the news dispatch reproduced here of Sept. 3. Israel's chief in charge of the occupied territory of south Lebanon, Uri Lubrani, has asked that more U. S. boys be sent in to take the Jews' place. Israel is withdrawing to the lower one-fourth of Lebanon which they apparently intend on annexing. It is part of the area they want for the creation of a "Greater Israel."

What the Jews have accomplished is to place American boys in the middle of the fighting. We are now taking all the casualties in a war which the Jews began in the first place. Now the Jews are requesting that even more of our soldiers be sent in to take over more territory which means an occupation army over a people who desire freedom. **THIS MEANS MORE DEATHS FOR OUR PEOPLE — BRING OUR G.I.s HOME IMMEDIATELY!!**

The Bombing of The U.S. Embassy In Beirut

Pres. Reagan first sent U.S. troops into Lebanon to oversee the evacuation of the Palestinian Liberation Organization forces after their defeat by Israel's army, massively equipped with the most sophisticated U.S. weapons. Our troops were scheduled to stay for only two months. The day after they left the Jews allowed their mercenaries under the notorious Col. Haddad to enter the Sabra and Shatila refugee camps and murder several thou-

Fighting Their War**

Israel Asks an Increase In U.S. Forces in Beirut

JERUSALEM, Sept. 3 — Israel's coordinator of affairs in Lebanon urged the United States and its allies today to increase the size and expand the deployment of their forces in Lebanon. Speaking on the Israeli radio, the official, Uri Lubrani, said: "I think that any addition to the mandate and to the numbers of the multinational forces in Beirut are a positive element in this complex situation, and if we could see the multinational force deployed in areas where we hope the Lebanese Army will be able to take over, this would be a very good and very positive addition."

The United States, France, Italy and Britain have troops in the Beirut area. After two United States marines were killed last week in shelling and rocket attacks, more marines were sent by sea to provide backup for the 1,200 already in the Beirut area, but, there are no plans for them to go ashore.

Israel's Deputy Chief of Staff, Maj. Gen. David Ivri, said in a separate interview today that Israeli forces would not postpone their withdrawal from the Shuf Mountains overlooking Beirut any longer. The pullback is expected within the next day or two.

Lebanon never had a stable government. Various factions have controlled their own sections of the country with the so-called government serving as a loose umbrella representation before the rest of the world. The most peaceful period in the history of Lebanon was during the past five years when the Palestinians controlled the South, and the Syrians the North. Israel decided to destabilize their northern neighbor now that Egypt has been neutralized (bought off) by huge amounts of U. S. foreign aid.

Israel invaded Lebanon and brutally bombed civilian targets in Beirut and allowed the slaughter of civilians in the two Palestinian refugee camps by hired killers. Israel left Lebanon a shambles of factionalism without the stabilizing influence of the PLO. Israel asked for and quickly received a so-called French, Italian and America "peace force." Because of the continuing shooting of Jew soldiers in occupied South Lebanon by Freedom Fighters seeking to recover their own land the Jews simply pulled back and dumped this entire disaster into the laps of the Americans.

Our boys are now fighting and dying in a war started by the Jews — **JUST AS THE THUNDERBOLT LONG AGO PREDICTED. WITH THE 1984 ELECTION DRAWING EVER CLOSER OUR TROOPS WILL CONTINUE TO DIE BECAUSE REAGAN PLACES THE JEW VOTE AHEAD OF AMERICAN LIVES!**

wedded to violence."

2) McDonald called for the impeachment of Andrew Young as Ambassador to the U.S.

3) He opposed the giveaway of the Panama Canal and said anyone who votes or supports these treaties should be permanently retired from public life.

4) McDonald fought against homosexual civil rights bills. He sponsored a bill forbidding the taxpayer financed Legal Services Corp., from filing suits for homosexuals. He said AIDS victims and the homo community should contribute for research to find a cure for the disease and not the taxpayers.

5) The issue which rankled communists and Jews the most, was his advocating freedom for German leader Rudolf Hess and granting Hess a Nobel Peace Prize for his attempt to negotiate a peaceful solution to World War II.

Rep. Larry McDonald believed in stockpiling of guns in the event of a national emergency and had over 200 guns. He urged passage of the MX missile system as "America's only hope to avert the destruction threatened by the international Communist conspiracy."

Dr. McDonald was born in Atlanta on April 1, 1935, graduated from Davidson College in N.C. He received his doctorate in medicine from Emory University in 1957 and served as a U.S. Navy flight surgeon. In civilian life he was a urologist in a clinic still operated by his brother and father. Congressman Larry McDonald will go down in history as another courageous anti-communist fighter like the late Sen. Joe McCarthy. How many present members of Congress will be so remembered? The answer is very few - if any!

One more note, Larry McDonald never supported tax-wasting pork-barrel politics which most legislators think necessary to keep them in office. He deplored most social spending and viewed most of the government bureaucracy as unconstitutional. How long will it be before another man like Larry McDonald is elected to office to really represent the people? May God bless Larry McDonald, his wife Kathy and all of his children.

sand innocent men, women and children. Our troops rushed back in.

After this settled down American boys were about to be removed once again when there was the massive bombing of the U. S. Embassy in Beirut. This resulted in a tremendous loss of life and the decision was then made for U.S. troops to remain on indefinitely! Thus we have been entrapped into a war which the Jews started and have now left — with us holding the bag!

Ask yourself the following questions since the Jews were so desperate to drag our boys between them and their Arab enemies.

1) Could the atrocities at the Sebra and Shatila camps have been part of a scheme to bring back our boys who had just left?

2) Who bombed the U.S. Embassy? This has never

been solved and the Israeli secret police (MOSSAD) is the world's foremost expert on the car bomb. The Jews benefited the most from this bombing and our troops are still stuck in the political quagmire the Jews designed in the very beginning.

3) Do not forget that a U.S. "Peace Keeping" force is right now patrolling Israel's border with Egypt. If trouble ever breaks out there we will be trapped once again. At the same time Israel has suggested that the eventual solution over their border dispute with Syria and Jordan could be to place "U.S. Peace Keeping Forces" along this border also. **THUS AMERICAN BOYS WOULD COMPLETELY SURROUND ISRAEL AND EVERY TIME FIGHTING BROKE OUT OUR BOYS WOULD BE THE FIRST TO DIE FOR THE JEWS!**

Where Presidential Candidates

Stand On Immigration Bill

Different candidates have taken stands on the immigration bill for different reasons. We are against the bill mainly because of its amnesty provision. Pres. Reagan supports the bill as

does Sen. John Glenn who voted for it. Walter Mondale has stated he opposes the bill claiming it discriminates against Hispanics and Sen. Alan Cranston voted against the bill for the same reason. Sen. Gary Hart and Sen. Ernest Hollings did not vote one way or the other.

U.S. Continues Israel's Aggression In Lebanon

The mass slaughter of the Palestinian civilians in the Sabra and Shatila camps occurred right after U.S. troops pulled out. We allowed the Jews to seize these refugee camps. Is it any wonder our pro-Israel Middle East policy has made the Arabs hate us?

Sen. James Abourezk:
"Get Out of Lebanon"

South Dakota's former Sen. James G. Abourezk has issued a statement from his Washington, D.C. office in which he explains the divisions in Lebanon which have been made more difficult by the U.S. intervention. The following in part is Sen. Abourezk's explanation of the problem.

"U.S. Marines are in the middle of a murderous crossfire generated by a bloody renewal of the civil war. Pres. Reagan should bring the marines out of Lebanon and he should do so for more than one reason... Although Christians are a numerical minority the Moslem majority continues to accept the unwritten rule that the President by a Maronite Christian, in this case Amin Gemayel.

"Lebanon's pluralistic society is made up of diverse religious and political views... the Phalange Party and their militia are trying to drive the Druse and Shiite Moslems out of their traditionally controlled areas. The Phalange dominates the U.S. supported Lebanese Army. The Phalange has

received financial aid from Israel's secret service MOSSAD since 1948. Israel used units of the Phalangist militia to slaughter the refugees in the Sabra and Shatila camps.

"Now they are attempting to force the Druse and Shiites from their shantytown homes on the outskirts of Lebanon. These unfortunate people were forced from their homes into the crowded shanties around Beirut following the 1970 war when the Israeli Air Force conducted its scorched-earth policy and drove them out of southern Lebanon. Now the Phalange is seeking to force them back into southern Lebanon — another shantytown — at a time when this area is under Israeli occupation."

How To Bring
Peace To Lebanon

"Rather than taking the side of the Lebanese and Phalange army against the Druse and Shiites, which has led to the deaths of U.S. Marines, and hapless civilians (who have taken the brunt of the casualties) Pres. Reagan should use diplomatic pressure to bring about reconciliation of the factions — a fairer sharing

of power and not bring in more U. S. troops and aircraft carriers.

"U.S. troops are now stuck in a crossfire, obviously they cannot patrol the streets, and they cannot simply sit in defensive positions and take more casualties. We must withdraw our military forces from this political maze and begin diplomatic negotiations to bring the various sides together by allowing each to have a voice in governmental decisions."

Patel Motel Trouble

The Thunderbolt carried a long report about the plot of gypsy hoodlums from India who are buying up all of America's motels. They are known as the "Patel family" and like a Mafia family they are often in trouble for arson, cheating, tax evasion, swindling, etc.

The "Natchez Democrat" (Miss.) reports that Mr. Nolan Merritt has filed a suit for a debt of \$13,500 against Ken Patel, owner of Scottish Inns of Natchez. Patel refused payment for goods received. Similar cases are in the courts throughout the nation.

Israel Shot Down Similar Jet — There Was No Protest!

On Feb. 21, 1973, a Libyan Airlines Boeing 727 was shot down over the Sinai desert by fighter aircraft of the Israeli Air Force while trying to locate Cairo airport. More than 100 of the passengers and crew were killed.

This destruction of an unarmed civil aircraft and more than 100 innocent human beings was not described by high American officials as "a heinous crime" or "cold blooded murder" or "a terrorist act"; our government did not call for a special meeting of the United Nations, nor was there talk of cancelling trade agreements or suspending bilateral discussions.

In fact, there was no mention of the incident by any senior American official at all, except for a message of sympathy sent to the governments of Libya and Egypt.

Instead, 10 days later, Prime Minister Golda Meir of Israel was the guest of honor at a state dinner at the White House, where President Nixon assured her of continuing American military and economic support.

The Israelis Downed Libya Airliner in '73

On the afternoon of Feb. 21, 1973, a Libyan Arab Airlines jetliner carrying 113 people on a scheduled flight to Cairo was shot down by Israeli fighter planes after it strayed over the Israeli-occupied Sinai Peninsula. The incident resulted in the deaths of 106 people.

When the Libyan airliner, a Boeing 727, was fired on by Israeli fighter pilots, it went down in the desert 12 miles east of the canal and within sight of the Cairo airport.

Israel insisted that the airliner had penetrated 50 miles into airspace over Sinai and had flown over Israeli military installations along the canal and a military airfield farther back.

Internal Subversion — The Real Threat

Nobel Prize winning Russian author, Alexander Solzhenitsyn, stated in 1975, "The question is not how the Soviet Union will find a way out of totalitarianism but how the West will be able to avoid the same fate."

Russia will never attack and conquer America — the danger lies within. It is the slow process of internal loss of freedom and liberty which leads directly to the slave state.

Andropov's Murderous Record

The Andropov Smile — It Can Kill You
"The Andropov File"

(from your local bookstore, publisher McGraw Hill, \$16.95, 277 pages by Martin Ebon) is the first biography of Yuri Andropov. The book carries new information. Interesting enough is that the "London Times" says Andropov is half Jewish and the London Jewish Chronicle says he is one-fourth Jewish and all agree Andropov's wife is a full-blooded Jewess.

Briefly, Andropov was born on June 15, 1984 in the railway town of Nagutskaya in southeastern Russia. He came from a poor family. Ebon says his rise is a "Marxist veteran of a Horatio Alger story." Andropov became secretary of the Communist Youth League at the University of Petrozavodsk. Stalin's 1930's purges wiped out so many top-level leaders that a vacuum existed and Andropov moved up the ladder to organizer of the Communist Party in the Karelian area seized from Finland.

On Nov. 30, 1983 Andropov was on hand when the new puppet leader Otto Kuusinen was "appointed" premier of "The People's Government in Finland." Here Andropov helped put down guerrilla skirmishes

Yuri Andropov's cold-blooded smile.

carried on by Finns and Germans behind Soviet lines. This guerrilla fighting experience has emboldered Andropov in his murderous invasion of Afghanistan. Andropov joined the foreign ministry in 1953 and was involved in trouble-shooting in Poland and Czechoslovakia. He was Soviet Ambassador to Hungary in 1954. This is where the famous "smile" was given Hungarian Premier Imre Nagy, assuring his personal safety during the Soviet invasion, to put down the Hungarian workers' uprising. Nagy was taken by the KGB to Russia and shot along with other Hungarian leaders.

Ebon says Andropov can "sweet talk" people and changed the image of the KGB when he was named chairman in 1953 — many were surprised! Andropov brought in the policy of "cheery brutality." The statue of the first head of the Soviet secret police, Felix Dzerzhinsky, stands in front of the KGB headquarters. Ebon says Andropov holds the full-blooded Jew Dzerzhinsky as his personal hero and lavishly praised this mass killer. Andropov says that while Beria's killings were of personal enemies Dzerzhinsky's slaughter "were in the public interest." Ebon says Andropov is "sophisticated, skilled, experienced and crafty."

Andropov wants to manipulate public opinion and is a master of spreading rumor and creating public unrest. Yuri Andropov keeps that steely smile on his face as he gives the orders to kill — be it the Pope, a poor Russian dissident — or Congressman Larry McDonald. "The Andropov File" is the first biography on this dangerous Soviet leader — as bits and pieces of news comes to light on the background of this evil man — you will hear about it first in The Thunderbolt.

Remember Larry McDonald

Reds Appease Jews

Nicaragua Not Anti-Semitic

Jewish Anti-Defamation League officers, including Rabbi Morton Rosenthal, met with Nicaraguan Ambassador Antonio Jarquin. They wanted to inquire about three Jews whose businesses were confiscated and 50 others they say were forced into exile. There was no protest about the hundreds of Christians whose property has been confiscated and the thousands of Christians forced to flee the country.

"The Jewish Journal" of New York on June 17 reported: "According to Rabbi Rosenthal, the Ambassador said his government had no policy of anti-Semitism and asserted that three ministers of the government are of Jewish origin."

Maryland Rep. Michael Barnes, chairman of the House Foreign Affairs Subcommittee, wrote Nicaraguan Prime Minister Ortega warning: "If there is to be any hope of reconcilia-

tion between our two countries, Jewish property must be returned."

He said nothing about the return of Christian property to the thousands of Christians who have been driven out of the country!

Congressmen Protected From KGB Connection

Readers Digest, senior editor, John Barron is recognized as the nation's foremost civilian expert on the KGB. His new book, "The KGB Today: The Hidden Hand" carried photographs of five Congressmen standing with top communist KGB agent Romesh Chandra. They include one White, one Jew and three blacks. They are John Burton, Ted Weiss, Don Edwards, John Conyers, Jr., and Charles Rangel. The House Intelligence Committee would not grant Mr. Barron permission to use the extremely damaging photographs. And people still do not

realize the great loss when such real Americans as Sen. Joseph McCarthy and Rep. Larry McDonald leave us.

D'Amato Opposes Aid To Syria

Sen. Alfonse D'Amato, Republican from New York, sponsored a resolution urging Pres. Reagan to rush 75 of our super-sophisticated F-16 jet fighters to Israel so that aggressive nations can maintain its military superiority over the Arabs. America has not approved any aid to Syria since 1979 but there is still "\$224 million in the pipeline in development funds" to Syria. D'Amato has called for this to be cut off because it might "aid Syria militarily." When is he going to oppose the obscene \$2.55 billion in aid to Israel — one fourth of all our foreign aid — or \$7 million a day! HOW MUCH LONGER ARE THE AMERICAN TAXPAYERS GOING TO TOLERATE THIS HIGHWAY ROBBERY?

Jews Denounce "Armenian Holocaust" As A Hoax

(Below reproduced from "Jewish Post & Opinion, July 9, 1982)

Digest of The Yiddish Press

Holocaust Museum For Jews Only

Pres. Jimmy Carter approved the founding of the U. S. Holocaust Memorial Council on Sept. 29, 1979. Two large government buildings 400 yards from the Washington Monument were given to the Holocaust Council and \$820,000 in federal funds were allocated for this year and \$1,953,000 for 1984. Elie Wiesel, a professional survivor, says, "I hope we don't need the taxpayers' money after that."

Some \$75 million is supposed to be raised from private individuals and corporations — all donations will be tax exempt — of course. Wiesel says that design engineers and special audio-visual sets, computer-controlled, will make this a living experience of the holocaust. It will make people feel as if they are traveling through the concentration camps right into the gas chambers and feel as the Jews lived awaiting their terrible fate. It will be just like a ride through Disneyland.

Of course, many historians now admit that no more than 250,000 to 300,000 Jews died during all of World War II and there was never any planned "holocaust." In fact, not one gas chamber has ever been found! Still, what is now known as the "Holocaust Hoax" has become big business and other ethnic groups who have suffered from real holocausts want to be made part of the museum. The Cambodian people lost between 2 and 3 million people under the brutal communist murderer Pol Pot. They have not been recognized by the U.S. Holocaust Memorial Commission.

The Armenians Ask Recognition

The U.S. American Armenian community has asked that they too be included in the Holocaust Museum because some 1.5 million Armenians were slaughtered by the Turks in 1915. This butchery of the innocent men, women and children of Armenia has definitely been documented. NOW THE JEWS ARE UP IN ARMS — THEY WANT NOTHING TO REMOVE THE HOLOCAUST FOCUS ON THE POOR PERSECUTED JEW!

Jews have placed full page ads in their own publications throughout the nation declaring there were never any holocaust of Armenian people. This is what their declaration states in part:

Holocaust Is A Unique Part of Jewish History

"The Holocaust, even in the context of Jewish history was unique. Unique because it was deliberately Jewish... Now, the U.S. Government is determined to build a living monument, not only to preserve a record of the Holocaust, but to declare to all mankind the commitment of this nation to banish any parallel Holocaust."

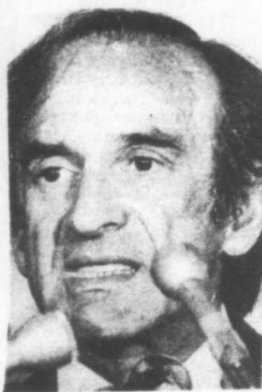

"We support the move to establish a Jewish Holocaust Memorial, because it has been in the Turkish tradition to rise in defense of the Jewish people. Turks did this by providing a safe haven for the Jews who fled the Iberian Inquisitions, and after their settlement in the Ottoman Empire, placed many Jews in high government positions. In the XVIth century, one of Ottoman Sultans offered the Jews a homeland in Palestine. During World War II Turkish ships smuggled some 40,000 Jews destined for the Holocaust out of Eastern Europe. Turks were among the first to recognize the State of Israel, and until the time of Camp David, the only Moslem people to do so."

"But now, for political reasons the central purpose of the Holocaust Memorial is being diluted. Other groups are knocking at the door seeking admission in order to further their own nationalistic goals."

"Of these, the most daring are the Armenians. Because, their claim of genocide is a documented myth made to seem real through the relentless propaganda at the end of World War One by the victorious Western empires as justification for carving up the Ottoman Empire. The truth is Armenians and Turks killed each other in a civil war within a global war. The Armenian attempt to infiltrate the Holocaust memorial as innocent victims of genocide is also curious."

"Curious because during World War II, Armenians set up a provisional government in exile in Berlin, declared themselves Aryans, subscribed to Hitler's racial superiority thesis, thereby supporting the Holocaust by contributing 20,000 volunteer troops which fought in the Waffen SS on the Russian front during World War II."

"This much is clear: To de-Judaize the Jewish Holocaust Memorial is to water down its meaning. Who gets in and who doesn't, now becomes a political issue, settled too frequently by political intrigue and pay-offs — call it votes."

Elie Wiesel, Holocaust survivor, says museum must remain exclusively for Jews.

Below holocaust survivors thought others in photo all died — but here they are — alive and well!

Over 10,000 holocaust survivors attended Washington reunion. More come forward with their tales each year!!

(Editor's Note): The holocaust is now an official part of the Jew religion. Thus the giving of two large government buildings on the Washington Mall is unconstitutional because it violates the Constitutional provision for separation of church and state. A legal case needs to be brought in court on this issue alone. Most important of all the Holocaust myth continues to implant within White Christians a "guilt-complex" because Jews proclaim that all Christians share a partial responsibility because the holocaust represents the "sins of our fathers." This must be exposed and revealed for the diabolical hoax which it really is.

No Gas Chambers Does Germany

Remember The Holocaust?

Dr. Benedikt Kautsky, who spent seven years in concentration camps, including three years in Auschwitz, stated in his book *Teufel und Verdammte* (Devils and damned), published in Switzerland, 1946.

"I was in the big concentration camps in Germany. However, I must establish the truth that in no camp at any time did I come across such an installation as a gas chamber."

By RABBI SAMUEL SILVER

Before Israel's incursion into Lebanon, the foreign minister of West Germany, Hans Dietrich Gensher had visited Israel and had been well received by Begin & Co. Declarations were made to the effect that Germany had made steps towards rapport with Jews to overcome the Hitlerite stigma.

But is that the case? The visit by Gensher triggered a cluster of discussions among Israelis over such questions as: Is the slate really wiped clean? Does the restitution payments West Germany made to Jews now mean that the Germans are forgiven? Why are trials of Nazis in Germany so slow and why are some of the sentences so slight? Do the Germans really feel a surge of shame over what they did to Jews? Does the older generation really regret its partnership with Hitler? Why are there outbreaks of anti-Semitism in Germany among younger Germans, who apparently experience no remorse at what their elders did?

These questions were also explored at the annual convention of the American Jewish Committee in New York. Two German Christian savants attended the gathering and their findings are inconclusive. One of them, Prof. Dietrich Goldschmidt, of the Max Planck Institute, offered a lengthy dissection of the matter of German-Jewish relations. He said that some Germans feel that Hitlerism was an outside force that "invaded" the country; therefore many do not regard themselves as guilty of the Nazi crimes. He said that children's textbooks are unclear about the rise of Nazism and the extent of Hitlerite depredations. The other expert, Dr. Edna Brakke, said that both Catholic and Protestant leaders are re-examining schoolbooks with the aim of providing a more comprehensive story of what happened to Germany.

That Germans would rather not hear about their criminal past was also proved by the rosy description of the country which President Reagan gave in his address to the West German Parliament. In his talk there was not a syllable of mention of Hitler or the war; instead, there were only references to the halcyon link between Germany and the United States.

Lansky — Real Mafia Head — Never Imprisoned

Lansky Obituary

Meyer Lansky's obituary in the New York Times this week began with a comment by an agent of the Federal Bureau of Investigation who said that if Lansky had gone into legitimate business, he would have become chairman of General Motors.

Reputed to have been the financial genius of organized crime, Lansky rose to the top of an underworld that was dominated for decades by Jews including Arnold Rothstein, Waxey Gordon, Gedaliah "Doc" Stacher, Dutch Schultz, Louis "Lepke" Buchalter, Bugsy Siegel, Abner "Longie" Zwillman, Moe Dalitz and Dutch Goldberg.

While Lansky is reported to have helped improve Israeli organized crime during his stay in the Promised Land, he is also said to have used his considerable influence for Jewish causes at other times. In 1935, it is reported, Rabbi Stephen Wise enlisted Lansky's help in organizing strong arm tactics to put down demonstrations by Nazi sympathizers in the U.S. In 1948, by Lansky's account, Arab arms shipments through New York were halted after Israeli agents brought the problem to the arch-gangster. While such actions need not have brought Lansky any medals or testimonial dinners, they add irony to the Jewish State's denial of the right of refuge it presumably guarantees to any member of our people.

Lansky — Hero To Jews

Organized Jewry Praised Lansky

Any member of a Christian denomination with a reputation like Lansky would find his racial and religious kinsmen staying as far aloof as possible. Not the Jews, they actually praise, admire, worship and congratulate people like Lansky for getting away with any act which rips the Christians out of money. THIS IS A FACT PROVEN BY THE FOLLOWING: Lansky was praised in an obituary in the Israel's "Jerusalem Post" of Jan. 22, which stated: "Lansky had investments in Israel and was a generous investor in Israeli Bonds and various Jewish social causes. He was a member of congregation Beth Jacob in Miami and its head." In other words, the hero worshipping congregation elected Lansky president of the Beth Jacob synagogue! Is this not evidence Jews worship money regardless of how any Jew makes it? In Canada the ex-Jew bootlegger Edgar Bronfman is President of the World Jewish Congress and the Rothschilds head the Jew community in both France and England. Lansky was buried by the chief rabbi of his synagogue with all the honors of a Jewish hero.

"Jewish Week," which is the voice of organized Jewry in America and owned by the Jewish Agency (this agency organized world Jewry behind Israel and

Zionist projects) stated Lansky could have been president of General Motors. (We doubt that — he had a criminal mind and not a creative mind.) They brag about all the famous "big shot" Jew criminals Lansky consorted with. Note that "Jewish Week" praises Lansky for helping America's top Jew leader before World War II, Rabbi Stephen Wise, "organize strong arm tactics to put down demonstrations" by those trying to prevent Roosevelt from getting America into that tragic war! They also say this murdered used "gangster" methods in the U.S. to halt arms shipments to Arab nations which were allies of the U.S. They end by saying Israel in the future should grant asylum to Jew gangsters (as they have in all but the most notorious cases.) DOES THIS SOUND AS IF ORGANIZED JEWRY IN AMERICA STANDS FOR LAW AND ORDER OR FOR CRIME?

Meyer Lansky — Mafia Head

Made Crime Pay
Hollywood and TV have always given the American people the impression that the Mafia was an Italian organization. True, there are some, mostly Sicilians, in organized crime, but the real top chieftain has long been Meyer Lansky. He recently died at age 81 in his comfortable Miami Beach high-rise waterfront condominium, The Imperial House.

Meyer Lansky was said to be bigger than U.S. Steel and personally worth over \$300 million. Born in Russia, his real Jew name was Maier Suchowljansky. He was a hired killer in the 1920s and was a kingpin in "Murder Inc." Lansky controlled much of organized bootlegging during prohibition, prostitution, loan-sharking and stock manipulation. In 1926 Lansky personally shot John Barrett for "double-crossing" the Jew killer Lepke Buchalter. Barrett survived but refused to testify against Lansky out of fear for his life.

The Big Money In Las Vegas

Lansky financed Bugsy Siegel in setting up the Flamingo gambling hotel in Las Vegas. Lansky was called the "brains" of the Mafia and laundered their money back into legitimate businesses. He bought New York clothiers, New England race tracks, and expanded in Las Vegas, buying up Fremont, Horehoe and Sands gambling hotels. In each casino huge sums of money (an average of \$280,000 per month) was skimmed off the top BEFORE TAXES!

Cuban dictator Batista gave Lansky control over gambling in that country in 1952. Even after Castro took over the rackets kept right on going until Castro found he, too, was being cheated and seized the gambling hotels for himself.

Much of the Lansky money went into Swiss secret bank accounts and then invested in legitimate business corporations back here in America which now feel the heel of Mafia control. In 1947 Lansky had his long-time partner Bugsy Siegel, shot through both eyes 24 hours after they had an argument. Lansky loved Miami Beach and his "business" operated out of the Singapore Hotel which he owned along with the Aztec, the Kimberly and Hawaiian Isle. His top aides in Miami were Hyman Siegel and Harry Blumenfeld. Lansky ran the Min-

neapolis Mafia through Izzy Bloom and Kid Cann which controlled prostitution, tax-evasion and bootlegging.

Meyer Lansky in 1920s as a professional killer.

Miami Federal Judge Roger D. Foley gave Lansky six continuances then dismissed case on "humanitarian" grounds.

Sam Cohen, Lansky's top aid, died only four months for his part in stealing \$36 million.

Meyer Lansky, in his latter years.

Meyer Lansky was only 5'4" and weighed just 135 pounds. He only completed the 8th grade in school but a teacher clearly remembered him as a "clever and remarkable self-possessed man." In 1970 Lansky was finally indicted for income tax evasion for skimming over \$36 million from the Flamingo Hotel between 1960 and 1968. His partners, Morris Lansburg and Samuel Cohen, pled guilty and were sentenced to only one year in prison, but were released after serving ONLY FOUR MONTHS FOR A \$36 MILLION CRIME!

Lansky fled to Israel and lived there for two years before public pressure forced the government to refuse him citizenship under their "automatic citizenship under the law of return" which applies only to Jews. Lansky returned to the States and was arrested but immediately posted a \$250,000 cash bond and was released in 1972. Judge Roger D. Foley granted Lansky six trial continuances before dismissing all charges stating: "The case is dismissed because the defendant's ability to effectively assist his counsel is in question. His memory is impaired now and probably will worsen. I have also considered health reasons and humane grounds."

Thus the No. 1 criminal in America remained free another 11 years until his death on Jan. 15, 1983. Throughout this period he actively continued to run organized crime. HOW MUCH MONEY WAS PAID TO JUDGE FOLEY TO ALLOW HIM TO REMAIN FREE?

The Miami 'Untervelt'

MIAMI Beach attracts a good number of mobsters but down there the boys are not from the "underworld" but "intervelt." Most Miami mobsters are Jewish and they control a good slice of the town's hotels, motels and business. The top banana down there is alleged to be Meyer Lansky, former partner of the departed Bugsy Siegel. Isidore Yiddy and Harry Blumenfeld are supposedly the toughest characters in Miami; even cops fear their wrath. Florida's new governor promised to throw the mobsters out of Miami but the boys are quietly pushing legislation to legal-

National States Rights Party Activity Report

Dr. Fields On Pittsburgh Radio
Pittsburgh, Pa. station WTKN invited Dr. Fields to appear on their talk show at the request of a local listener. This type of show can easily be arranged by long distance phone and we do not actually have to travel and appear at the station. It was supposed to be a one hour program. We laid the issues bare — on the line — and did not back down on any point. At least one-third of the calls were favorable and some liberals, Jews especially, practically went berserk screaming obscenities over the phone, and had to be cut off. The moderator said his phone board lit up like a Christmas tree and asked if we would stay on for another hour. We agreed and the program really heated up. The moderator said the show was one of the more interesting programs they have had over the past two months. The main point is to remain calm and never get excited regardless of

Defends Stoner

Recently the news media quietly assigned J.B. Stoner to the limbo of an Alabama prison with only bare mention and no comment.

The incarceration under similar circumstances of a liberal white or black activist would have raised a clamor that would have rattled the doors of the White House. The fact is that Stoner is a political prisoner.

As a long time leader of the White National States Rights Party, he has often been subjected to harassment and malicious persecution. Even so, he has steadfastly opposed Jewish domination of our domestic and foreign affairs and resisted the genocidal racial policies that are destroying our people and nation. This is the real reason he is in prison today.

The trial itself was a farce. Twenty years after the fact, with nothing new but the ambitious attorney general of Alabama, Stoner stood convicted on the basis of totally unsupported testimony of biased government agents who could neither place him at the scene nor show proof that he conspired.

The alleged act its self was highly suspect — an empty church that was not damaged, people some distance away who were not injured — and 25 years later a man can enter prison for 10 years who was proved to be in Georgia at the time?

what an opposing caller might say — I would respond — "Well, that's your view" and then go on to someone with a serious question we would like to discuss. We were able to give our full address over the air twice and a number of letters requesting free sample copies of The Thunderbolt have been received. If you can arrange for a program just phone Dr. Fields and place us in touch with the radio station.

Brilliant NSRP Ohio Meeting

Brilliant, Ohio is hard to find on the map but it is near the West. Va. line. Many loyal Patriots found the location. The hall was packed and cheered on NSRP Tri-State Organizer Jerry Pope, and Covington, Ky. Chapter Leader Paul Niswonger and local organizer Harry Bertram. Mr. Pope told about his plans for organizing and urged members to bring more new people to future meetings. Mr. Bertram has distributed much literature over the area recently. The next meeting will be in the Louisville area and Dr. Fields will be guest speaker. Louisville is an area where we have always had strong support.

Reader Defends J. B. Stoner

"The News and Observer" of Raleigh, N.C. is one of the largest newspapers in the state. The letter reproduced here is by NSRP supporter Louis F. Lawyer. This proves you can write letters for truth and justice and still have them published in even large daily newspapers! We must continue to keep pressing forward in order to reach the people with the truth by every means at our command.

Heads of KGB were Russian Jews

To the editor:

I thought that Yuri Andropov, the new head of the USSR, was a Russian Jew simply because he was previously head of the dreaded KGB secret police.

I knew that every head of the secret police since its founding in 1917 has been a Russian Jew: Leon Trotsky (real name Bronstein), Moische Uritsky (real name Moses Solomonovich), Jacob Sverdlov, Felix Dzerzhinski, Yagoda, Yeshov, Beria, KGB, NKVD, NKGB, MGB and in 1954 it became the KGB.

Anyway I didn't want to respond to this newspaper's request for entries to Sounding Off about Andropov until I had additional confirmation that he is Jewish, his real name is Lieberman, and so this letter is a little late. First submitted Dec. 5, 1982 in slightly longer form — it wasn't published.)

I believe that the Jewish rate of emigration from the USSR will not change: about 10,000 a year.

God knows that the Russian gentiles (98 percent of the population) wished that 10,000 of them could get out of that anti-Christ hell each year.

Dr. E. R. Fields founded The Thunderbolt in 1958 and was one of the original 66 founders of the National States Rights Party. From that small beginning we grew to "America's Largest Third Party."

On this, our 25th anniversary, I want to thank all of you who have aided me in so many different ways down through these long years of struggle for this righteous and sacred cause!

Dr. Fields Paid Tribute
The Simon Wiesenthal Center in Los Angeles issued a form letter appealing for funds to promote the holocaust myth. It was sent to every available Jewish mailing list in the nation. Wiesenthal is a citizen of Austria — not America — yet he has the gall to come over here and campaign for laws abolishing freedom of speech as guaranteed by the U. S. Constitution to make it "a crime to criticize Jews."

Thus in the letter Wiesenthal wrote: "Edward Fields of the Georgia-based National States Rights Party also has strong ties to (right-wingers) in England, West Germany, Belgium and in South Africa. The group has a potent propaganda force in its racist publication, The Thunderbolt, circulated underground in these countries."

(Note: Thanks, Simon — we will try to live up to such praise!)

Aiding White Prisoners

The Thunderbolt has some subscribers who are in prison for one reason or another. They seem to be sincere in seeking rehabilitation. One is Robert E. Paul in the Angola, La. institution. He has designed a

NSRP Pickets Burger King

The Tampa Bay, Fla. area Chapter of the NSRP picketed a local Burger King protesting their spending half-a-billion (\$500,000) with blacks and discriminating against White people by promising Rev. Jesse Jackson of PUSH to hire 21% col- oreds.

Robert Johnson, local Chapter Leader, says they distributed 300 boycott leaflets between 12 noon and 1:30 p.m. He reports they reached about 1,000 people because there were three or four and more people in many cars. Only three people threw the leaflets down and several gave a "thumbs up" sign and drove off without buying a Burger King. The manager came out and objected but could do nothing as the demonstrators were standing on the public sidewalk. Mr. Johnson says, "The only way to attract active people is through street activity." They are going to try and have at least one public demonstration each month.

The Tampa Bay chapter now has a telephone message and answering machine which cost \$120. This gives a message and at the end, a beep tone allows the caller to give his phone number for you to call back. Radio Shack has a phone message machine for only \$45 which gives a message but has no "beep" for a return call. The phone company charges only \$12 per month to install this service after you buy the machine. All NSRP Chapters should consider this activity. Tampa rubber stamps their local address on all literature they distribute and already inquiries are coming in. One stamp says, "For A Free Sample Thunderbolt write Tampa NSRP, Box 7648, St. Petersburg, Fla. 33734."
